Hi Drivers,

The recent summer evening series finished with a whimper rather than a bang, as the last meet was cancelled due to the weather, Matt Stables taking a very deserved win in the I.C. Class, Mark Dyson comfortably taking the electric modified class and myself taking the sport electric class by the narrowest of margins. The series as a whole was very well attended and the sport electric class in particular with a lot of people deciding to race something they wouldn't normally. The sight of Dave Dransfield parking his car on the track just so as to witness the carnage going on in this class was priceless. Hopefully a similar series can be run next year.

The normal summer series is just over half way through and after the intermittent rain of the July meeting it was nice to have a full day of glorious weather for the August Meet. The grip was terrific and quite a few people were heard stating that's the first 19 lapper or the first time I've dropped into the 17 sec laps etc. The 200mm class were found to be pushing a bit faster than maybe their ability allowed and were regularly been told to calm down by the timekeeper, Chris Edwards eventually winning despite been attacked by a wasp mid race in the final. That's all for now so I'll hopefully see you at the next meeting. Mark.
